ACTIVITIES FOR SLOW LEARNERS AND SMART LEARNERS

Student with different educational qualifications and interests come to the college to study whose teaching-learning understanding level is different. such students are observe by the teachers as soon as the academic session starts, after that teaching- learning program is organized according to their understanding and interest.

Program for advance learners :-

- * students performing well in academic activities are identified on the basis of internal assessment, class test, class attendance etc.
- * Advance learners are encouraged to engage in activities that develop critical thinking, understanding, such as group discussion, debates, quiz competition, lectures etc.
- * Students are encouraged to experiment with the curriculum and course related innovative field work, practical work, and lab work.
- * increase is done to participate in inter college competition like Poetry writing, essay writing, speech competition, quiz competition.
- * Advance learners are motivated to make a career in their area of interest. Guidance is given to prepare for competitive exams like UPSC, PSC, NET, SLET etc.
- * Advance learners are guided by teachers in the classroom to contribute to the class and support other students.

slow learners :-

- * After the lecture on the topic is over, students are asked random questions to increase their awareness and interest towards the class .
- * The problem are solved by providing personal guidance to the students by the teachers, Teachers try to solve the problems by knowing the reason behind the problems faced by the students.
- * The slow learners are directed to prepare assignment notes so that they can overcome their syllabus weakness.
- * Problem are solved in simple language using charts, diagrams, models etc.
- * Old question papers are given to the student to solve, so that they can understand the format better.
- * Slow learners are asked to complete the curricular activities with smart learning tools like YouTube, Wikipedia, google etc. It is directed to take necessary support from advanced learners.
